*Senior Front-End Developer with over 3.5 years of experience in building scalable applications using React.js, Redux, and Next.js. Focused on optimizing web performance, implementing clean architecture, and enhancing user experience.*

## WORK EXPERIENCE

---

### Railofy - Rodeo Travel Technologies - Senior Frontend Engineer

April 2021 - current

Remote

- Led the front-end team to build and scale 7+ applications, setting best practices across all Railofy products.
- Developed high-performance Next.js and React applications using Redux, cutting load times by 50% with code-splitting and lazy loading.
- Developed a CRM and supply chain apps for operations, restaurants, and delivery teams, streamlining order management and enhancing delivery efficiency by 30%.
- Built hybrid mobile apps with Cordova, reaching 10,000+ downloads on iOS and Android.
- Optimized PhonePe Switch and IRCTC integration, boosting SPA performance and improving transaction experience by 25%.
- Integrated various third-party libraries into React applications, such as AWS Cognito, Material-UI (MUI), Firebase, Google Ads, Sentry, EmailJs and more.
- Streamlined deployment of Dockerized web applications on AWS ECS, improving scalability and reducing deployment time by 30%.
- Revamped UI/UX and code quality, incorporating user feedback and best practices, leading to a 30% increase in user satisfaction.
- Upgraded project architecture and dependencies, reducing build time and enabling faster development and deployment cycles.
- Mentored front-end engineers in React.js, responsive design, and coding best practices, fostering a high-performance team.

### Railofy - Rodeo Travel Technologies - Frontend Developer Intern

April 2021 - September 2021

Remote

- Optimized code, identifying and resolving errors, leading to reduction in system downtime, boosting user satisfaction.
- Transformed website performance through improvements, elevating core web vitals and reducing load times by 40%

### Ostabay - React Developer Intern

July 2020 - December 2020

Bangalore, India

- Designed custom components, forms, and interfaces for user interactions in React.
- Created reusable UI components that can be used across multiple projects with React.

## SKILLS

---

- **Frontend & UI Development:** React.js, Next.js, JavaScript, TypeScript, Redux, Context, Material-UI, Bootstrap, ANT-D
- **Cloud Technologies:** AWS ECS, AWS S3, AWS Cognito, Firebase
- **Tools, Integrations & Performance:** Git, Docker, Webpack, Google Ads, Sentry, Code Splitting, Lazy Loading
- **Mobile & Hybrid Development:** Cordova (iOS/Android)

## EDUCATION

---

### Acharya Institute of Technology - Bachelor of Technology, Computer Science

2017 - 2021

Bengaluru, India
